

Strategy Support for Nonprofits

- At Community Health Solutions (CHS) we believe strong nonprofits are essential for creating healthy communities.
- We help nonprofits achieve their mission through effective community strategy, organizational strategy, and strategic learning.

Strategy Collaboratives

- Our signature solution is the **strategy collaborative** – a creative method for engaging multiple stakeholders in collaborative learning and action.
- We work with associations, foundations, public agencies, and others to produce strategy collaboratives that help participants learn and take action to solve real-world challenges.

Community Strategy

Community strategy is focused on working with others to create positive community impact. CHS can help you:

- Assess community needs
- Design community strategies
- Support community collaboration
- Optimize community implementation
- Evaluate community impact

Organizational Strategy

Organizational strategy is focused on creating and sustaining a high-performing organization. CHS can help you:

- Assess organizational readiness
- Design organizational strategies
- Support organizational learning
- Optimize strategic execution
- Evaluate organizational performance and impact

Strategic Learning

Strategic learning is focused on helping people develop the knowledge and skills they need to excel at their work. CHS supports strategic learning for organizations, associations, and communities. We can help you:

- Assess learning needs
- Design learning activities and programs
- Develop learning resources
- Support individual and team learning
- Evaluate learning impact
